

Welcome to the Tatura Veterinary Clinic. We hope that your time with us proves productive and you gain as much experience as possible.

You are welcome to view and participate (where possible) in all procedures and surgeries conducted at the clinic and with veterinarians who are on farm calls. During your time with us we want to ensure that you experience the wide range of duties performed by our vets. Ask plenty of questions and get yourself involved!

Please find attached an information sheet. Please fax or email this information back, together with a copy of your resume, so we can assist with your booking.

We look forward to having you join us.

From the Team at Tatura Veterinary Clinic
